

# CD Cargo Poland Sp. z o.o.

Cargo | Consulting | Rent

CD Cargo Poland Sp. z o.o. (until 2017 known as Koleje Czeskie Sp. z o.o.) commenced its operations on 1 January 2007 as a daughter company of the Czech national railway carrier ČD Cargo a.s. In 2009, CD Cargo Poland Sp. z o.o. obtained a railway carrier licence and, since 2015, it has consistently built its own brand as a reliable major carrier on the Polish market developing the sector of transport on own account. Since it was established, the company has been developing dynamically, as testified by the year-on-year increase in the volume of freight carriages. The main goal of the company is to continuously extend the range of transport and forwarding services offered to customers by our parent company ČD Cargo a.s. on the Polish and European transport market and further development of own transport services provided on the Polish market.

CD Cargo Poland offers a wide range of railway transport services in Poland and in Europe, including:

- freight transport under own transport licence
- transport of bulk cargo, oversized cargo and dangerous goods (RID)
- rail forwarding
- hire of rolling stock (locomotives and freight wagons)
- transport and forwarding advice.

The company's priorities include continuous improvement of service quality and providing safe and timely deliveries at competitive prices.

CD Cargo Poland Sp. z o.o. mainly transports bulk cargo such as coal, coke, and ores, using its own rolling stock. In 2017 the company won tender to deliver coal to one of the largest power plants in Poland - the Koziencice power plant owned by ENEA energy group. The transports continued uninterrupted until 2020. In turn, in 2020 coal deliveries were provided to one of the key energy groups in Poland, i.e., PGNiG Termika.

The distinguishing features of CD Cargo Poland Sp. z o.o. are mostly:

- long-term experience in organising various types of transport
- safe rolling stock
- high-skilled staff
- individual approach to customers

All these features make it an efficiently operating company with a strong position on the transport market, trusted by many customers.
